

# Facts About Greece

## Where in the world is Greece?

Greece is a country in the south-east of Europe. It has borders with four other countries: North Macedonia, Bulgaria, Turkey and Albania.

Greece has a very long coastline, with over 2000 islands and rocky outcrops. The Aegean, Ionian and Mediterranean Seas flow around the islands, the largest of which is Crete. Being beside the sea makes Greece a popular holiday destination.

## What is the weather like in Greece?

Most people consider Greece to be a summer holiday destination, although there are also popular ski resorts in the mountainous regions to the north of Athens. Greece has hot, dry summers and mild, rainy winters. Because of the sunny climate, more than 25 million tourists visit Greece each year!

## What is the capital city of Greece?

The capital city of Greece is Athens. Athens is one of the oldest cities in Europe, having been established more than 7000 years ago. It is said to be the birthplace of democracy and is named after the Ancient Greek goddess Athena.

## Facts about Greece

- Greece enjoys more than 250 days of sunshine a year! (The UK gets around half of that.)
- Mount Olympus is the highest peak in Greece, measuring 9754 feet high.
- In 2015, 26.5 million tourists visited Greece - that's more than the entire population of Greece!
- Greek houses are often painted white to reflect the heat from the summer sun.
- Around 40% of the entire population of Greece live in Athens - that's almost half of all the people in Greece!

**Children can choose any fact and write it in a short persuasive sentence. For example, 'If you like walking or climbing, then Greece is the perfect place to visit because its highest mountain, Mount Olympus, is 9754 feet high!'**

# Facts About Greece

Greece is a country in the south-east of Europe. Mainland Greece shares its borders with Albania, Turkey, North Macedonia and Bulgaria. It is often referred to as a crossroads between Europe, Asia and Africa.

Greece enjoys 8,479 miles of coastline with a vast number of islands dotted throughout the Aegean, Ionian and Mediterranean Seas. The largest island is Crete, which is a popular holiday destination for tourists.

**Average summer temperature:**

**33°C**

**Average winter temperature:**

**10°C**

**Average summer rainfall:**

**6mm**

**Average winter rainfall:**

**65mm**

Greece has a warm, sunny climate and enjoys more than 250 days of sunshine a year on average. It has a typically Mediterranean climate with hot, dry summers and mild, rainy winters. Most people consider Greece to be a summer holiday destination, although there are also popular ski resorts in the mountainous regions to the north of Athens.

Eighty percent of Greece consists of mountains or hills, making it one of the most mountainous areas in Europe. Mount Olympus is the highest peak in Greece, measuring 9754 feet high. According to Greek legend, when God created the world, he sifted the earth through a strainer. After giving each country good soil, he threw the stones that were left over his shoulder and created Greece.

The capital city of Greece is Athens. Athens is one of the oldest cities in Europe, having been inhabited continuously for more than 7000 years. Around 40% of the entire population of Greece live here.

Greece is known as the 'cradle of Western civilisation', introducing democracy, maths, science and language ideas that still influence us today. The Parthenon is situated on the Acropolis of Athens, an ancient citadel on a rocky outcrop above the city of Athens, and is one of the most recognised symbols of classical Greece. Athens is said to be named after the Greek Goddess Athena, who presented a gift of an olive tree to the citizens. The Parthenon is a temple dedicated to Athena.
